

ASSEMBLY BILL

No. 2415

Introduced by Assembly Member Fuentes

February 21, 2008

An act to add Section 44001.5 to the Public Resources Code, relating to solid waste, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

AB 2415, as introduced, Fuentes. Solid waste: permit.

(1) The California Integrated Waste Management Act (act) of 1989 requires a person who proposes to operate a solid waste facility to file with the enforcement agency having jurisdiction over the facility, or the California Integrated Waste Management Board if there is no designated or certified enforcement agency with jurisdiction over the entire facility, an application for, or a revision of, a permit.

This bill would require the board, in the case where the proposed or existing solid waste facility is located in multiple jurisdictions and an application for, or an application for a revision of, a permit is submitted to the board, to obtain the approval of the designated and certified enforcement agency of each of the jurisdictions in which the facility is located before the issuance or revision of the permit.

(2) This bill would declare that it is to take effect immediately as an urgency statute.

Vote: $\frac{2}{3}$. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
